

# HOMES AND GARDENS

Here's a variety of ideas for the home or garden – whether they're to make better use of living space or for the family living in that space, these should fire up the imagination

checklist

## Illuminate your home or garden today

Designed to bring people together, Padio Living's range of fire pits adds a sense of luxury and style to indoor or outdoor spaces.

Padio Living's selection of functional fire pits includes brand new innovative models fuelled by clean-burning, environmentally-friendly bioethanol, which are suitable for indoor-use as well as outdoors.

Equally if you're looking for a more traditional pit, Padio Living have you covered with an extensive range of liquid propane gas and natural gas outdoor models.

**Padio Living**

What's more, Padio Living plant one tree for every order placed in an effort against the global climate crisis.

Shop now to support responsible shopping and use CHECKLIST65 to save £65 on all Padio Living fire pits.

Visit [padioliving.com/collections/fire-pits](http://padioliving.com/collections/fire-pits) or call 0333 050 8219 for more information.

## Win one-of-three Homebuilding & Renovating Show prize packages Worth a total of £115!

If you're building or renovating, you'll find everything you need at the Homebuilding & Renovating Show.

Visitors will get access to hundreds of exhibitors showcasing thousands of products for you to see, touch and compare; inspiring seminars and masterclasses providing a wealth of knowledge from planning advice to interior design ideas. Meanwhile the Advice Centre will offer free consultations to get your project started.

Homebuilding & Renovating is Britain's best-selling self-build magazine and Real Homes is the essential magazine for anyone looking to make their dream home a reality.

There will be three lucky competition winners, who will each win the following prize package:

- A one-year subscription to either Homebuilding & Renovating, worth £45,

or Real Homes, worth £38  
• Two London Homebuilding & Renovating Show tickets worth £36  
• Four e-books worth £34.96.

## For independent thinkers who want to make conscious choices

LayerTree is the creation of husband and wife team Myles and Madeleine. At the heart of all LayerTree designs is the steam bending process – a low energy technique which enables wood to be hand formed into shape using steam alone.

Everything in LayerTree's constantly evolving product range has been considered to encourage an environmentally conscious and

mindful way of living. The timber used is sourced from local, sustainably managed woodlands. Products are finished by hand, and outcarts are burnt to heat their thatched cottage throughout the winter months. All orders are packaged using either recyclable or compostable materials. This small business is so dedicated to reducing their environmental impact that for every order made, they plant a tree for you.

View the handmade product range at [layertree.co.uk](http://layertree.co.uk) and follow [@layertree](https://www.instagram.com/layertree) on @ for daily updates from the workshop.

## Men's top-drawer comfort

Comfort is King and Comfyballs have this covered, having worked long and hard to find the perfect cut and fabric for the highest level of comfort a man can get.

All boxers feature a unique PackageFront design, which cups your equipment and takes it away from your inner thigh, reducing heat transfer and restricting movement without the squeeze, while also being breathable and wicking, making them a fast-drying, anti-chafing boxer. So, whether you're into extreme sports or prefer to spend your leisure time simply chilling on the couch, Comfyballs have you covered.

Comfyballs boxers are available in three luxurious, super-soft, high-end fabrics, all Oeko-Tex 100 certified: Performance (suitable for all kinds of sports and training); Wood TENCEL™ modal (for the softest and most casual experiences); and Combed

single jersey Cotton (to keep you going every day). So why not choose Comfyballs to breathe new life into your top drawer?

Plus, you'll feel particularly comfortable knowing that all Comfyballs products are ethically-produced and climate neutral.

Visit [comfyballs.co.uk](http://comfyballs.co.uk) or email [info@comfyballs.co.uk](mailto:info@comfyballs.co.uk) for more information. Enjoy a 20% discount\* now using code HOME20.

\*Does not apply to products already on sale or on offer. Discount code expires 31 August.

## The good life with Origin

Origin's quintessentially British Barn range offers a blend of traditional design and modern ethical considerations. The Barn range allows you to have a swimming pool building with all the charm of a country barn conversion, blending in with your surroundings and emulating the countryside aesthetic. The Barn sits well in any rural garden setting as a design solution to finding space for an indoor pool.

Origin pride themselves on their ability to do it all, delivering on a project from concept to completion whilst also being able to offer a wide variety of choice in design. The selection of building sizes includes different specifications

and the opportunity to tailor your swimming pool house to your wants and needs, whether your pool is to be used for fun or fitness. If you want your pool house to be a place of wellness, the barn gives you the scope to add a gym, yoga room, juice bar or steam room and sauna. A porch extension and patio area make the most of the outside space and blend the pool house into the garden and surrounding area, it looks effortlessly natural and brings the outside in, a simple reflection of country style, giving you the best of both worlds.

**ORIGIN**

To live the good life, speak to the experts at Origin and arrange your free consultation. Call 01895 453996 or email [info@originpools.co.uk](mailto:info@originpools.co.uk) to speak to a member of the team. Visit their website at [originpools.co.uk](http://originpools.co.uk) and follow [@originpoolsuk](https://www.instagram.com/originpoolsuk) to find out more.

## Compass Candles – hand poured soy wax candles

Having worked in the emergency services for 11 years, Compass Candles was always Sam's 'side hustle'. However, in June this year this became not only Sam's full-time passion, but his full-time job, with a keen focus on quality products, value for money and amazing customer service.

There is nothing worse than a candle not smelling like the label suggests, but at Compass Candles they pride themselves on each candle being produced to the highest quality, using the best materials available, smelling like it should, and being affordable to everyone.

Each candle is hand poured in the heart of the New Forest, using soy wax, expertly selected fragrance oils and a natural, wooden, cedar wick. This ensures a clean burn, excellent scent throw, and a minimal amount of wasted wax.

Compass Candles offer luxury scented candles that are affordable and suitable for all homes.

## Hendon Tripod Ladders – the ultimate in stability

Did you know, a tripod ladder is one of the safest ladders you can buy, and is perfectly suited to amateur and professional gardeners.

You might expect a three-legged ladder to be unstable, but tripod ladders are more stable than a four-legged ladder, offering better flexibility over uneven ground, lawns or even on embankments. With four legs it is possible that one of the legs will not be in contact with the ground.

Made from lightweight extruded aluminium and independently tested, each ladder comes with a five-year manufacturer's warranty and free shipping\*.

All models feature clawed feet; ideal for soft ground and come with the addition of rubber feet, at no extra cost. This is perfect for protecting surfaces like decorative stone flags or decking. The third telescopic leg easily straddles over shrubs, low fences and walls.

- **Standard Tripod:** Available from 4ft to 16ft. Ideal for everyday gardening.
- **Platform Tripod:** Available from 6ft to 12ft and comes with the addition of a handrail and deeper top step. This has been designed for more cautious gardeners.
- **Adjustable Tripod:** Featuring three independently adjustable legs, and available in five sizes from 6ft to 14ft. It's the best choice for gardens that have multi-level gardens.
- **Heavy Duty Tripod:** Available in three sizes from 8ft to 12ft. This tripod ladder is suited for professional gardeners, featuring a single adjustable rear leg and the ability to take a load of up to 150kgs.

**HENDON TRIPOD LADDERS**

For further information or to buy a Hendon Ladder please visit [hendonladders.co.uk](http://hendonladders.co.uk) where you will also find a list of specialist retailers throughout the UK.

\*Free shipping to UK mainland only; excludes Northern Ireland, Highlands and Islands. Hendon Ladders is owned by Carr's Billington Agricultural (Sales) Ltd.

## Win one of five SleepHalo wireless chargers

Worth £39.99 each!

[checklists.co.uk/win/sleephalo](http://checklists.co.uk/win/sleephalo)

**SleepHalo**

SleepHalo is a sleek wireless mobile phone charger that incorporates electromagnetic field shielding and deflects mobile phone radiation away from your bed. Built and designed in the UK, this innovative product works with any phone, either as a wireless charger with radiation protection or a radiation shield with the phone plugged into its own charging cable.

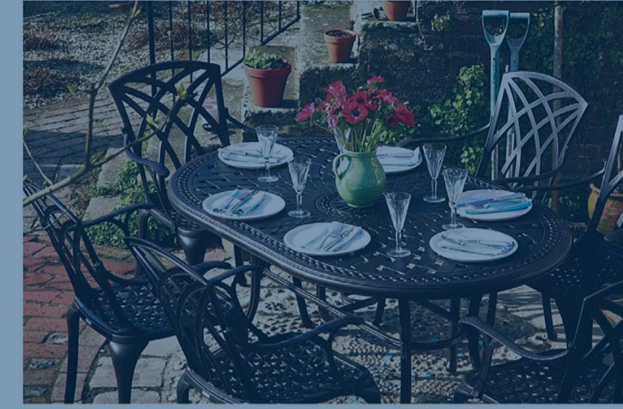

Visit [sleephalo.com](http://sleephalo.com) for details.

## Maintenance-free garden furniture

Lazy Susan was founded in 2007 by business owner Michael Scott, literally from his garden shed. After many years of trying, in vain, to maintain various teak and wood garden furniture sets, it became clear to Michael that the long-term solution was in fact aluminium garden furniture. Maintenance-free and totally rust proof garden furniture, almost too good to be true, with no rust or rot. After much searching, product testing and deliberation, Michael found a range that fit the bill exactly and then launched Lazy Susan in 2007.

Get your garden summer ready, Lazy Susan have over 3,000 tables and 10,000 chairs in stock, available in a range of sizes, colours and shapes.

Shop [lazysusanfurniture.co.uk](http://lazysusanfurniture.co.uk) or call the team on 01243 717197. This weekend get 10% off using code GARDEN10, valid until midnight 15 August.

**Lazy Susan**

## What lies beneath?

Thinking of replacing your patio or terrace and shocked at the costs and upheaval? Consider this: natural stone lasts for millions of years! Over the years, garden stonework becomes covered in layers of lichen, algae and white fungi. Remove this, and the original stone will be as good as new! Pressure washing can remove surface dirt, but leave 'black spots', potentially damaging the surface, making it susceptible to frost, and eventually destroying the surface.

The Patio Black Spot Removal System® containing Euchan2®, is a garden stonework restoration system, that carefully removes the organic growth, and prevents its return.

Whether your stone is five or 900 years old, Patio Black Spot Remover works in just two hours!

Join the sustainability revolution, and order the Patio Black Spot Removal System today.

Visit [patioblackspotremoval.com](http://patioblackspotremoval.com) or call 01252 751612. Better still, visit them at Wisley RHS Flower Show between 7 and 12 September to discuss how to restore your patio!

**Patio Black Spot Remover**  
RHS CHELSEA GARDEN PRODUCT OF THE YEAR 2020 FINALIST
